### **Savoy Club Foreclosure Finalized**

As of May 26, 2011, the foreclosure of the Savoy Club has been completed and the property is now owned outright by First Merit Bank. First Merit owns 45 of the 52 lots, with the six completed homes occupied by the homeowners and the one unfinished home still being disputed between the developer and buyer. The bank and the homeowners will be discussing restructuring of the Homeowners Association in the near future. Village staff will be contacting the bank next week to discuss mowing and maintenance of the open areas and to discuss their plans to sell the subdivision for completion. One of the 45 lots owned by First Merit has a constructed foundation but no vertical construction of walls. The Board will recall that the developer was given until June of 2011 before having to address the foundation. The options for the bank are to remove the foundation, complete the home, or request another extension from the Board. The homeowners, especially those living right next door to the foundation, are anxious to see the foundation removed or the home completed.
